Submission: Objection

Comments: I object to the planning application of these developments, 22 dwellings is simply ridiculous. This will increase traffic by a minimum of 44 vehicles if not more, to an already overloaded road network. The junction between clay lake, A53 and Station Road is shocking. To the point we have even considered moving. If it was only 1 or 2 houses then fine. But 22!

Please can someone do a study on the road network, it simply can't cope at the moment, never mind adding more properties.

We already have quite a big problem in relation to ASB especially on station road, by increasing the number of properties this will increase the need for better facilities ALL year round for these children.

We are pushing wild life out of the area. I invite anyone from the council to come to our area on a dry night and there is a healthy owl population.

Please can I stress could someone do a study on the serious traffic issue we have in endon, clay lake with A53, you will see the network is not fit to cope already never mind adding a significant number of vehicles to already busy road. Traffic backs up to the petrol station on leek Road from 8am onwards. Also from the post office at stockton Brook it is bumper to bumper from 8.15am through to 9. Then rush hour between 4.30pm till 6pm is horrendous. I have to rat run through stanley, to bagnall to avoid the city.
