Submission: Objection

Comments: We would like to object to the proposed development as the location is clearly an agricultural field situated in the heart of the green belt, and is in no way an infill plot.

We are the adjacent bungalow to the development and it took us 2 years to obtain planning permission for a replacement dwelling, we were not allowed to build anything higher than a bungalow, not even a split level despite the ground behind slopping away. Therefore we cannot understand how a development of 2 semi detached houses could even be considered as opposite and adjacent are only low level bungalows.

This development would be totally out of place and not in keeping with the area of Boundary and again as previously stated this is clearly a field in the green belt.
