Dear sirs,

I write regarding the above application for 22 dwellings on Claylake in Endon.

I oppose this application and think that the build of 22 extra houses will damage the town financially but also economically.

Houses on Claylake are renowned for their reputation of being limited in amount but high value. By adding 22 dwellings you are devaluing Endon but also Claylake's reputation- these dwellings would financially profit better in an area where the value will increase instead of devaluing and affecting such a well established road.

I also consider claylake to be well known for its scenery, this dwelling is an eyesore and as a neighbour to the plot I will be continuing legal action as the houses are an eye sore to fellow neighbours.

I hope you consider my application and look forward to hearing from you.

Kind regards
Emily Cope
