Submission: Objection

Comments: I object to the proposed planning. Clay lake is a route to which many children take when walking to/from school to which already sees a high volume of traffic, not only do I feel it would compromise pedestrian safety but further increase the traffic to an area with a long history of road traffic accidents at the bottom of clay lake at the junction leading to Leek Road.

The planning would also spoil an area of woodland and nature to which I feel should be protected.
