Submission: Objection

Comments: I wish to object to the application no.SMD/2023/0555 for the demolition of the Grange and construction of 22 houses on land adjacent to my property, Oak House in Clay Lake. I have lived here for over 30 years and originally purchased my property based on its position which gave privacy and quiet. This proposal greatly diminishes my privacy and the peace and quiet of the property. In addition I wish to complain about the proposed entrance to this site which lies on a dangerous part of Clay Lake. It is likely that 44 cars, which together with visitors and services, would generate conditions for traffic which are already difficult and dangerous today. I would add that although there is a speed limit of 30 mph this is often ignored so much that it is sometimes difficult for myself and visitors to exit my property which is adjacent to the proposed development. This extra traffic would be a danger to pedestrians including school-children who use this road. Also the type of buildings proposed are not in keeping with the area which has been a desirable part of Endon for years. For all these reasons I strongly object to this application and suggest you refuse to accept it.
