Submission: Objection

Comments: I am submitting an objection to these solar panels for many reasons. Firstly for the sake of the wild life in this area and the damage it can do for future grazing in the said fields. It covers a great area and is also GREEN BELT LAND which is to be protected for future local persons and the well being of Bagnall. The cleaning of the panels with large lorries up and down these lanes will be a hazard. How much benefit we receive is to be debatable especially as it rains most of the time and the sun does not shine often. Also how much benefit will the local people receive? Not enough for the time and disruption faced by the residents. The only people who will benefit are investors who will only be doing it for profit.

an objection for these solar panels
