Submission: Objection

Comments: I would object to the building of 22 dwellings on the basis that Clay Lake is a busy through road and the access from this site for around 40+ cars would be limited and add traffic to the already congested peak times. The natural aspect of the area has already been damaged by the removal of trees, and yet more natural habitat taken away. How with the schools and services cope. The use of Brown field sites for these type of developments is surely a less destructive option. Leave open spaces as they are we are losing them fast.
