Brown Edge
Stoke onTrent

Submission: Objection

Comments: I object to this development as Clay Lake has always been an area of individual fairly large houses and this application is on a scale that is too large for the location. Visibility and access for all the vehicle movements would be limited with it being on a bend and the local facilities are not suitable for the large population increase that this development would lead to. Also if this was allowed to proceed it may set a precedent for further developments along Clay Lake when you reach the green space at the top of the road.
