Subject: Application no. SMD/2023/0555
Date: 24 January 2024 11:20:17

My name is David Proctor and I live at 33, Station Rd, Endon, Stoke-on-Trent, Staffs, ST99DR

I have to object to any further building on Clay Lake based on two premise. 1) That there is a junction at the bottom of Clay Lake of 5 roads which at most times is congested particularly in the morning and afternoon when the schools (2) are active and 2) In Station Rd within 150 metres we have the entrance to the tennis club, the Village Hall, Village Store, hair salon, physiotherapist, nursery, chemists , doctors surgery, scout centre, hearing clinic and a further 100 yards the boat club and cricket club not to mention twice a day parents parking to pick up children from school. We cannot absorb any more traffic trying to cross from Clay Lake to Station Rd. It. Is already grid locked and increasingly dangerous. Suggest you do not accept the application. Best regards David and Jenny Proctor.
