

Westwood Park Ave.

16 Jan 2024

Dear Sirs

Re: Application No. SMD/2023/0611

As a resident of Westwood Park Avenue, I am writing in objection to the above Planning Application. The proposed erection of a detached dwelling, plus conversion of the existing agricultural building would be undoubtedly unsightly and have a huge impact on both mine and neighbours view. (For information, I was surprised just how big the existing agricultural building is and also that planning permission was granted). The area is in the countryside and as such, should remain protected from any further

If the application to build a detached dwelling could be ^{low down} on the 'back Town' side of the hill, where the recent houses have been built and not be anywhere near or on top of the hill, I don't think it would cause anyone a problem, but to build any further dwelling/s on the top, or change the existing agricultural building, would definitely impact both the lovely countryside and the houses on the westwood side.

This application was proposed last year and denied. I trust you will give this recent application the same consideration.

Yours faithfully
