Hello,

I have lived in Endon for over 50 years and live in close proximity to Clay Lake. I completely OBJECT to the proposal of building 22 houses on The Grange site. By building these houses they will be completely out of character with the surrounding other houses. The area falls on blind bends to the left and the right of the road so possibly an extra 44 vehicles using an entrance with no clear visibility is dangerous and I'm sure will cause many accidents, plus the extra vehicles of deliveries and visitors. There would be more noise and vehicle pollution which will impact on all residents in Endon.

WHY demolish a beautiful house in a beautiful area, surely it is sellable as it stands?

Best Regards Sue Williams
