Mr Clarkson
C/O JMI Planning

Application no: SMD/2023/0554

Determined on: 1st February 2024

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015
(as Amended)**

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

Whiston Methodist Chapel, Ashbourne Road, Whiston, Staffordshire, ST10 2JE

Description of Development:

Conversion of former Methodist Chapel to dwelling to include a private access and parking off the A52

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason:- To comply with Section 91(1) of the Town and Country Planning Act 1990 (As Amended)

2. The development hereby permitted and described above shall only be carried out in accordance with the following approved plans referenced and numbered Location Plan REV 1; Block Plan REV 1; Plans as Existing and Proposed; and Plans as Proposed, that were submitted with the application.

Reason:- For the avoidance of doubt and in the interests of proper planning, in accordance with the National Planning Policy Framework.

3. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that order with or without modification), no development as specified in Part 1 Class(es) A, AA, B, C, D, E, F, G and H and Part 2 Class(es) A, B and C, other than those expressly authorised by this permission, shall be carried out without express planning permission first being obtained from the Local Planning Authority.

Reason:- To enable the Local Planning Authority to control the development and so safeguard the character and visual amenities of the area, and to ensure that adequate private open space is retained within the curtilage of the building.

4. The development hereby permitted shall not be brought into use until the visibility splays shown on Drawing ADC3202-DR – 001 Revision P2, included in the submitted access appraisal, have been provided. The visibility splays shall thereafter be kept free of all obstructions to visibility over a height of 900 mm above the adjacent carriageway level.

Reason:- To comply with NPPF; to comply with SMDC Core Strategy policy DC1; in the interests of highway safety.

5. The development hereby permitted shall not be brought into use until the access to the site within the limits of the public highway has been completed in accordance with the approved plans.

Reason:- To comply with NPPF; to comply with SMDC Core Strategy policy DC1; in the interests of highway safety.

6. The development hereby permitted shall not be brought into use until the parking and turning area/vehicle turntable has been provided in accordance with the approved plans. The parking and turning area and turntable shall thereafter be retained unobstructed in working order for the parking and turning of vehicles for the life of the development.

Reason:- To comply with NPPF; to comply with SMDC Core Strategy policy DC1; in the interests of highway safety.

Informative

The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. There are not judged to be any adverse implications for neighbours or wider public amenity and street scene. As the application was considered acceptable there was no need for any negotiation or amendment as would otherwise be advocated within the National Planning Policy Framework paragraph 38.

The access crossing to the site shall be constructed in accordance with drawings to be submitted and SCC requirements. Please note that prior to the access being constructed you will require a Section 184 Notice of Approval from Staffordshire County Council. Please email trafficandnetwork@staffordshire.gov.uk for further details. The link below provides an overview of the permissions and licences required for undertaking work on or adjacent to the adopted highway: <https://www.staffordshire.gov.uk/Highways/licences/Overview.aspx>

The footway and sign works would require a Highway Works Agreement with Staffordshire County Council. The applicant is requested to contact Staffordshire County Council in order to secure the Agreement. The link below is to the Highway Works Information Pack including an application form. Please complete and send to the address indicated on the application form or email to highway.agreements@staffordshire.gov.uk . The applicant is advised to begin this process well in advance of any works taking place in order to meet any potential timescales. <https://www.staffordshire.gov.uk/Highways/highwayscontrol/HighwaysWorkAgreements.aspx>

X *B.J. Haywood*

Signed by: Ben Haywood

On behalf of Staffordshire Moorlands District Council

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting DBCP Limited, Web: dbcp.co.uk; Email: info@dbcp.co.uk ; Tel: 0333 880 2000.
1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
 - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - (b) Variation to the approved plans will require the submission of a new planning application.
5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
6. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
7. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12

weeks of the date of this notice.

8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
12. Domestic sprinklers
Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building. The chance of an accidental discharge is 16,000,000:1
If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)
13. Working smoke alarms correctly positioned in your home can save your life.
The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month. Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
