Submission: Neither

Comments: The footpath is close to a SSSI site, and there is also a variety of wildlife and protected birdlife in the area around Stoneyfold Lane, e.g. rare wildflowers and birds such as hen harriers. It is not clear why the footpath is proposed to be upgraded to a bridleway. If the proposed bridleway was just to be accessed by pedestrians and riders of horses that would probably be fine, but if wheeled vehicles were to access it then it could lead to damage to flora and fauna.
