Submission: Objection

Comments: For 50 years I have been cycling, walking and running on Rownall Road and Thorney Edge Road. For all this time there have been no significant developments, other than the mushrooming of huge " agricultural" sheds at Rownall.

Basically the character of the landscape has not changed : rolling fields,hedges, magnificent views. This green belt land is our lungs: it is a habitat for a variety of wildlife. I see foxes, rabbits, hares, deer and great variety of birdlife. This is such a valuable resource.

If allowed to go ahead, the visual impact will be devastating.

In Werrington we have already lost large areas of green belt to a large new housing estate. You seem to have disregarded all the objections to that. I hope you take more heed of the feelings of local people in this case.
