ST Classification: UNMARKED

Good Day,

Thank you for the opportunity to comment on this planning application. Please find our response noted below:

With Reference to the above planning application the company's observations regarding sewerage are as follows.

I can confirm that at this time we object to the proposals due to the uncertainty if capacity is available to accommodate this development.

Therefore the Developer/Applicant will need to make contact with STW to submit a Development Enquiry for this development site; this will discuss the drainage proposals for site, and if any issues, look to resolve them. It is best to visit our website: <https://www.stwater.co.uk/building-and-developing/overview/new-site-developments/developer-enquiries/> and follow the application form guidance to begin this process.

Once these initial investigations have been done and we are again consulted, I will look to provide further comment.

IMPORTANT NOTE: This response only relates to the public waste water network and does not include representation from other areas of Severn Trent Water, such as the provision of water supply or the protection of drinking water quality.

Please note if you wish to respond to this email please send it to Planning.apwest@severntrent.co.uk where we will look to respond within 10 working days

If your query is regarding drainage proposals, please email to the aforementioned email address and mark for the attention of Rhiannon Thomas (Planning Liaison Technician).

Kind regards,

Asset Protection Team
Severn Trent
