Submission: Objection

Comments: The entry / exit on the bend is dangerous. Disobeying the speed limit and overtaking on the wrong side of the road is common. The pedestrian pavement in that area is not continuous adding to the risk when people are forced to cross over to get to the next pavement. The layout and density of the houses proposed are completely not in nature with the rest of Clay Lake road. The visual is already impacted due to the recent removal of a number of very old mature Beach trees.
