Yes I think it a comment, app ref is SMD/2024/0028, they have copied their correspondence to 'planning comments'.

I will add the rep to the late letters sheet for planning committee.

Dear Sirs

Please see attached photos to evidence further non compliant use of the track.

This articulated delivery was made within the last hour, delivered using the 'silage track', load dropped and then exited through the 'silage track'. As you are all aware this track is to be used only for transporting SILAGE during the months MAY - SEPTEMBER.

Surely this is sufficient proof to justify a refusal to the latest change to agreed conditions and sufficient proof to justify enforcement action for repeated non- compliance of conditions set by SMDC.

I look forward to your earliest response.

Regards
Linda Brookrs
