Description

Please describe details of the proposed development or works including any change of use

A full refurbishment inside the property is required for the proposal to change the use of property to a Holiday Let. To conclude the proposed works are as followed;

Replacing all windows and front door in-line with the conservation area guidelines similar to the neighbouring Attached Chapel house (See Photographic evidence), so there is no damage or cause the loss of the historic fabric of the building or area. This is because the front door and windows have began to rot and are no longer fit for purpose. Secondly, the Kitchenette's plasterboard and studwork partition is proposed to be removed, Kitchen to be relocated (see plans) and a improved plasterboard and studwork partition is to take its place to accommodate a new bathroom. Finally, a structural steel mezzanine floor with stairs and railings is proposed (see plans) as a semi-permanent intermediate floor, increasing the floor space of the property. The lath and plaster ceiling (14ft) is to be removed and expose the Chapel's original Oak beams to allow the space and give proportion to the building internally.

Priority would be that I am Compliant with Policy C1 of the Staffordshire Moorlands Local Plan. Under Policy C1 (Creating Sustainable Communities.) There is policy support to preserve community buildings, So I would need to establish why the building is no longer needed as a church / why has it closed? / How long has it closed?

I would have to demonstrate and determine that an alternative facility of the same type and quality that meets the needs of the community is available in the locality or can be provided in an accessible location in the locality. If I can demonstrate that Policy C1 would be complied with, then consideration for the proposed change of use to be acceptable in principle, subject to conformity with other national and local policies.

The site is within the development boundary and close to local services and facilities, meaning that the change of use of the building to a holiday let/ dwelling would be sustainable in this sense.

The Building is in a sensitive location in the conservation area so you would need to consider this if making any external alterations to the building. highly unlikely to support extensions/ large alterations to this building. As it is a very attractive building intervention to the building to be very minimal, reusing existing openings, conservation officer would most likely object to lots of new openings including roof lights.

Finally the parking situation would need to be looked at and highlighted so where do your neighbours park at the moment?/ Where did people park when the property was formerly a church. Staffordshire County Council Highways would be consulted on the application and would assess the parking situation, access etc.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
