Submission: Objection

Comments: This agricultural building has been used for storage for non agricultural use recently and therefore is in breach of planning. There are numerous HGV containers stored at the rear of the shed. I am aware this breach of planning has been reported to the Planning dept a number of times now and I see from the application for lawfulness has only been uploaded onto the portal today 27/2/24 and yet the end of public consultation is also today 27/2/24. How are local residents able to comment on this? I also note that the only people being consulted on this application is Cllr Mike Worthington and Cllr Oliver Pointon. As a planning dept you are well informed that the building is owned by the Pointon family so why are you seeking consultation from a member of the family, Oliver Pointon

I feel you should seriously consider the complaints raised about the operation of this building and the light pollution that is caused from the building that has so many exceptionally bright lights around it. I hope the planning officer will visit after dark to weigh up the light pollution.
