Submission: Neither

Comments: Thank you for the opportunity to comment on this Application which appears to affect PROWs
Cheddleton 49, 58, 59 and 60 including diversions to 58 and 59.

No development should take place until a Diversion Order has been confirmed, and the diversion route, with a satisfactory surface and adequate width and marking, is available for public use.

We would expect that the safety of users of the PROWs is fully investigated, especially with regard to electro magnetic fields, high voltages, and physical structures.

Use of the PROWs, and the safety of users must not be affected by the development, nor during the work taking place.

This comment is made on behalf of Peak and Northern Footpaths Society, a registered charity which exists to protect and improve public rights of way for use by walkers.

Nothing in this response should be taken to imply the Society's support for the development.
