Submission: Objection

Comments: The proposal of the change of use for this address is totally inappropriate for the area, it backs onto a children's play area where all ages play, this can only cause anxiety for those residing at number 50 when they able to see the area if not allowed to use !

We are fully aware the children should be given opportunities to grow and lead as normal lives as possible, however due to the staff to children ratio this points to the fact that these children require high levels of care, with constant risk assessments. Number 50 is in the middle of one of the largest residential estates in cheadle which alone poses many risks to residents and the children in the home. These children are not solely in care awaiting adoption etc and are going through main stream school, they have needs emotional and behavioural which need nurturing and care on as its 3:4, it's a high level. The home they are brought up in should have space and security for them to grow , not built up in a residential area where due to close proximity to other residents this may lead to the exact opposite. I also feel that the close residents will suffer due to possible noise, and unpredictability of the residents, and the ability of the carers to control any issues which will arise.
