Application no: SMD/2023/0604

Determined on: 6th March 2024

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015
(as Amended)**

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

Land Adjacent To 5 The Plain, Black Lane, Whiston, Staffordshire

Description of Development:

Erection of a single detached two storey dwelling and the provision of vehicle access and shared parking area for a total of 4 cars including car port

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason:- To comply with Section 91(1) of the Town and Country Planning Act 1990 (As Amended)

2. The development hereby permitted and described above shall only be carried out in accordance with the following approved plans numbered and referenced 2018-2386-05C PLANS AND ELEVATIONS; 2018-2386-06A SITE PLAN; 2018-2386-07B LOCATION AND BLOCK PLAN, that were submitted with the application.

Reason:- For the avoidance of doubt and in the interests of proper planning, in accordance with the National Planning Policy Framework.

3. The development shall be carried out using the external facing and roofing materials that are specified on revised drawing no. 2018-2386-05 'C' in a manner that is described on that drawing (facing coursed natural stone and plain clay roofing tiles for the dwellinghouse; and Oak frame, larch boarding and plain clay roofing tiles for the car port). There shall be no variation without the prior consent in writing of the Local Planning Authority.

Reason:- To ensure that the works are in keeping with adjacent development.

4. Internally, the sizing and layout of bedrooms at first floor level shall only be set out and provided in accordance with the 'First Floor Plan' shown on revised drawing no. 2018-2386-05 'C' and, throughout the life of the development shall be retained as such without alteration or variation. All of the windows to be installed at first floor level to the front elevation, to serve the bedrooms and bathroom shown on plan, shall be non opening and be fitted with obscured glazing. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or as subsequently may be amended or re-enacted) this/these window(s) shall not be altered so as to contain any opening lights or be re-glazed with any transparent materials or enlarged or otherwise altered, nor shall any additional door, window or other opening be formed in that elevation unless a further planning permission has first been granted on application to the Local Planning Authority.

Reason:- To protect the amenity of the neighbour that occupies the existing dwelling to the west of the site.

5. The layout and provision of the access and shared parking area relating to the development described above shall only be carried out in complete accordance with the layout and siting plan numbered 2018-2386-06 'A' that was submitted with the application.

Reason:- For the avoidance of doubt and in the interests of proper planning, in accordance with the National Planning Policy Framework.

6. Before the development is brought into use the 'shared' parking area that is shown on the plan numbered 2018-2386-06 'A' shall be provided and made available, free from obstruction, for the parking of motor vehicles and maintained as such throughout the life of the development.

Reason:- To ensure an adequate standard of off street parking provision for both existing and future occupiers.

7. Before the development is brought into use all of the hard and soft landscaping detailed on SITE PLAN drawing no. 2018-2386-06 'A', including the construction of dry stone walls, the laying of paving, and the planting of hedgerows, shall all be provided and implemented in accordance with the drawn and written detail of that drawing. The hard and soft landscaping provided to accord with this condition shall thereafter be retained and maintained throughout the life of the development.

Reason:- To ensure a quality external appearance and sense of place within the environment.

8. Notwithstanding the provisions of the Town and Country Planning (General Permitted

Development) Order 2015 (or any order revoking and re-enacting that order with or without modification), no development as specified in Part 1 Class(es) A, AA, B, C, D, E, F, G and H; Part 2 Class(es) A, B and C; Part 14; and/or Part 20 other than those expressly authorised by this permission, shall be carried out without express planning permission first being obtained from the Local Planning Authority.

Reason:- To enable the Local Planning Authority to control the development and so safeguard the character and visual amenities of the area, and to ensure that adequate private open space is retained within the curtilage of the building.

Informative

The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. There are not judged to be any adverse implications for neighbours or wider public amenity and street scene. As the application was considered acceptable there was no need for any negotiation or amendment as would otherwise be advocated within the National Planning Policy Framework paragraph 38.

X *B.J. Haywood*

On behalf of Staffordshire Moorlands District Council

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting DBCP Limited, Web: dbcp.co.uk; Email: info@dbcp.co.uk ; Tel: 0333 880 2000.
1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
 - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - (b) Variation to the approved plans will require the submission of a new planning application.
5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
6. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
7. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
12. Domestic sprinklers
Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building. The chance of an accidental discharge is 16,000,000:1
If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)
13. Working smoke alarms correctly positioned in your home can save your life.
The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month. Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
