Submission: Objection

Comments: I wish to object to the planning application as I do not feel the company applying is competent to adequately manage a care home. They were only formed in December 2023 so have no experience in the area. They used a consultant to do the planning application who did not use documentation from Empower & Endeavor Care Ltd but copied other planning applications from different planning authorities. The evidence is the reference to out of area facilities like bowling in New Brighton (part of Liverpool planning area) and headings in document being (Elevate and Empower used instead of Empower & Endeavor). If the directors had produced (or even read) the documents then these errors would not have occurred. If the company does not have the required documentation or do due diligence then I have no faith in the company operating a care home for children and the application should be rejected.
