Submission: Objection

Comments: Dear Sir/Madam,

It will have a negative impact on the neighbourhood, raising safety concerns and will make children and their families in our area more vulnerable to noises and different behaviour problems.

There is a play ground behind the property number 50 - most of the residents in our estate will be concerned to bring their children there.

Every additional child with any emotional or behaviour problems could lead to more visits by social workers, clinicians, emergency visits e.g., which means additional pedestrians and vehicles on a road - there is not enough parking space in front of the property number 50 - and the traffic would likely be more intensive than under the current use. That is why we strongly object to the proposal.

Regards,

Plamen & Marieta
