Email:

Submission: Objection

Comments: There are lots of errors and inaccurate statements in the application, including false bus route access and walk in hospital location. The house is situated next to a play area which young children use and I fear this will become a hang out for these children and their friends. This is a quiet neighbourhood with both elderly and young families with a low crime rate. This development will also reduce the value of properties, increase traffic and parking already limited in the location as the street is narrow.
