Submission: Objection

Comments: Currently traffic on the A521 (Froghall Road) and the A522 (Leek Road) receive heavy traffic and are frequently congested. This has worsened over the last 2 years and it is reasonable to suggest that this application will exacerbate the issue further without means of mitigation. Roads are currently in a state of disrepair and I am concerned that the increase in traffic and plant in the local area as a result of this application will compound the issue further.
