Comments: As someone who drives to and through Cheadle regularly I feel I can comment. The A521 from Kingsley Holt to Cheadle is not a good road to have 400plus cars turning off and onto from a 200plus housing estate.

The highways do not look after the roads surface, people drive too fast, it is a winding road with poor visibility and it is already a busy road with cars, lorries and farm machinery.

Once in Cheadle the volume of traffic from residents already living there is immense, causing jams and slow movement of traffic from bottleneck points of the road system already in various places.

I think a lot more thought needs to go in to this!!
