Submission: Objection

Comments: I strongly object to this application on the grounds that there appears to be no provision for the improvement of services or infrastructure within the locality of Cheadle to support this development. We need more affordable housing as how are the younger generation ever expected to get on the property ladder? Additional strain will be placed on schools & healthcare provision as these are bad enough as it is. Significant traffic congestion is already being experienced through the town & this will just lead to a lot more. If more houses are to be built then other public amenities need to be built also.
