I strongly object to this certificate of lawfulness.

HIGHWAYS

Please see my attached 4 photos below of a very near accident I encountered on Rownall Road on Friday 1st March 2024 at 12.11 pm.

You can clearly see this White Scania HGV which was travelling to this agricultural building at Rownall Farm which is listed in this application as Sylvester's Farm.

Photo 1 shows this HGV takes up the whole width of the road.

Photo 2 shows my very near crash.

Photo 3 shows it attempting to turn left into the site address.

Photo 4 shows the agricultural building in the background.

Rownall Road is single traffic only in parts with blind bends without footpaths and used regularly by walkers, runners, cyclists and horse riders.

It certainly IS NOT suitable for HGV's
