Submission: Objection
Comments: To members of the planning committee.

This proposed development should be stopped/refused/rejected.

According to Facebook's Cheadle forums, people are complaining about this application & that they cannot get on the page to object for the following reasons, 1, the links to the application page don't work. 2, the Web page that the application is on is NOT SECURE meaning most devices will not let you on to comment for security reasons. 3, The public have not been informed about the new revised plans (aka been left in the dark) & haven't been given enough time to comment.

This is all wrong due to the above, if it all worked properly & the Web page was safe/secure there would be thousands of objections to this proposed development but how things are the public seem to be getting ignored & those who have managed to comment on the right page, I just hope you listen to us & NOT ignore us & sweep it all of are objections under the carpet..... Everything seems to be working in the developer's/applicants favor THIS IS WRONG & UNFAIR.....

Also a local councillor is going around telling people that Bloor Homes have now purchased the land for this development & they are now trying to get it pushed through, Well I can confirm this is nothing but lies, Bloor Homes do NOT own the land in question at all.....

I hope that Staffordshire County Highways get this stopped after reading there comments I just hope they do NOT let them grant permission, as this will do nothing but make a dangerous road even more dangerous, simple as. There are just to many issues with this application & it needs stopping, see well over 180 objections & as I've said before there would of been lot more if the applications Website was more secure.....

So please listen to the people of Cheadle & put a stop to this stupid idea, Cheadle just cannot cope with anymore enough is enough.....

Mr J Simms, Leek Staffordshire.
