Submission: Objection

Comments: Object. Permission to construct this large shed was granted some time ago. From photographic evidence that I have seen it is debateable if it has ever been used solely for agricultural purposes. The subsequent additions, constructed without any permission in a Green Belt locality, are in my view totally inappropriate.

Given that it seems that there is no desire by the applicant to use the building for agricultural purposes it would appear to me that the current application should be declined and furthermore the additional buildings removed and the ground reinstated.
