Submission: Objection

Comments: I am writing to object to the proposed children's home that will be situated at 50 Coleridge Drive.

Having read the supporting documents provided by E&E Children's care and support Ltd I feel that they have not done the proper homework regarding the location of said home.

There is no walk in hospital , no emergency services close by, no manned ambulance station or police station, no outdoor equestrian centre to name a few items they are saying is important to the welfare of the children in their care.

I have lived on this estate for over 20 years and know a considerable amount of residents and quite a few are vulnerable themselves whether that be elderly, single vulnerable parents or disabled who have a right also to feel safe and supported in their own homes and unfortunately we do not have police presence in the town should any issues arise.

It is also disgusting that this application has been dealt with in what I feel is a very underhanded way , with no knowledge to the majority of the residents that surely have a right to know that a home for 'Emotional and behavioural challenged' children is to be located on our doorstep.

The location on the property would be a highway risk in itself on a bad bend that during winter months is incredibly dangerous and would be more so with the increase in traffic coming and going at the property.

I urge the council to reconsider this application.
