Submission: Objection

Comments: I am against the proposed solar farm it will forever changing the rural feel of Rownall, Wetley Rocks, Werrington and Bagnall. The solar farm is too large for such a small area. The local wildlife we see month to month will have its habitat destroyed. We regularly see foxes, hares, little owls and bats. The area surrounding the proposed solar farm is used for leisure and recreation by many families. The solar farm will bring no jobs or opportunities or increase the housing stock of the local area. I use the local area for leisure and recreational activities it will spoil any further walks or bike rides. Local shops and pubs will lose trade. Many solar panels are manufactured in China where they use coal powered factories, have poor oversight of raw material extraction and have a poor human rights record.
