Application no: SMD/2023/0476

Determined on: 5th April 2024

Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015 (as Amended)

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:
The Dairy Hollington Road Freehay Cheadle Staffordshire ST10 1RE

Description of Development:
Siting of Glamping Pod

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.

Reason: Required to be imposed pursuant to Section 51 of the Planning and Compulsory Purchasing Act 2004.

2. Unless explicitly required by condition within this consent, the development hereby permitted shall be carried out in complete accordance with the proposals as detailed on drawings:

Location Plan: Dwg no 23/676/03 Rev A
Site Plan: Dwg no 23/676/02 Rev A
Proposed Plans: Dwg no 23/676/01

Reason: For the avoidance of doubt and to clarify which plans are relevant to the consent hereby approved.

3. The materials to be used on the external surfaces of the development hereby approved as indicated on Dwg no 23/676/01 and with the Application Form shall be implemented as indicated.

Reason: In order that the Local Planning Authority may ensure that the materials to be used are appropriate to the locality and respond positively to the inherent character of the area.

4.The glamping pod hereby approved shall be restricted to short-term holiday purposes only. The holiday-lodge stationed on the site shall not be occupied by any individual for a period exceeding 28 days in any calendar year and it shall not be sold, let or otherwise occupied at any time as permanent residential accommodation or as a person's sole or main place of residence.

Reason: To prevent the permanent residential occupation of the site in a location where new residential development is unacceptable in principle and to define the scope of the permission hereby approved.

5. No development shall take place about ground floor level until a Biodiversity Gain Plan has been submitted to and approved in writing by the Local Planning Authority that ensures there is a minimum of 10 percent net gain in biodiversity achieved and managed for a period of at least 30 years after the development is completed. The development shall be completed and managed in accordance with the approved plan

Reason: In the interest of biodiversity

6. Before the proposed development is brought into use, the parking and turning area shall be provided in accordance with the approved plan 233/676/02/A. The parking and turning area shall thereafter be retained for the life of the development.

Reason: To comply with NPPF Paragraph 111; to comply with SMDC Local Plan Policy DC1; in the interests of highway safety

Informative

The Planning Applications Committee considered that the proposal was in accordance with Policy E4 of the SMDC Local Plan.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting DBCP Limited, Web: dbcp.co.uk; Email: info@dbcp.co.uk ; Tel:0333 880 2000.

1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.

2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
   (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
   (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
   (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
   (b) Variation to the approved plans will require the submission of a new planning application.

5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

6. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks

of the date of this notice.

7. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

12. Domestic sprinklers
    Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install.
    Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building.
    The chance of an accidental discharge is 16,000,000:1
    If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)

13. Working smoke alarms correctly positioned in your home can save your life.

The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month. Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
