Submission: Objection

Comments: Having lived in Basford Green for all of my life, I have always known it to be really quiet and peaceful. The proposed shed is clearly intended to be used for woodchopping all of those trees and many more for which the noise is going to be horrendous for all of us.

We feel that this application is for an agricultural shed and it will be used for a woodchopping plant. This will clearly have huge impacts on us as residents as well as the wildlife including nesting birds and ducks.
