Submission: Objection

Comments: Re: planning application at Basford for an agricultural building including woodchipping
'storage'.

I object to the recent application for the following reasons:

- a) The disruption to the natural environment. So far this development has involved the cutting down of established trees and natural scenery.
- b) The noise for such a provision would be horrendous
- c) An agricultural building has already been converted into living accommodation / holiday lets
- d) The lane that is the approach to such a development is narrow with no foot way for pedestrians / children, so therefore considered dangerous. This is 'a no through road', so I would think people would consider it quiet and safe to walk.
- e) Already many eight wheeler hgv's and diggers have used the lane to approach the development thus causing churned up verges, mud on the road etc. It is only a road of single track but it is constantly being churned up by vehicles meeting in the lane and therefore going onto the verge to pass.

We have also done a joint residents objection to this application

Janet
