Submission: Objection

Comments: We visited my son a few days ago at Sneyd Arms Farm and we couldn't believe that such a proposal could be considered appropriate and certainly not considerate to the local community and surroundings. Hence wanting to object to the application and support the joint objection that we have signed.

A building of 8.5m will be like a huge tower at twice the height of the existing agricultural building at Sneyd Arms Farm. This will clearly cause overshadowing of the Sneyd Arms Farm lambing shed, and will inevitably kill off the existing hedgerow and trees, particularly those between the two buildings. It will also overshadow the existing wildlife pond for large parts of the day.

We were also shocked by the huge pile of trees, many of which are very mature, specimen. It is just horrific that they have been cut down in the first place but to chip them is going to make so much noise that will be heard for miles around and for those close by, the noise will be just unbearable.

It just feels like the application hasn't considered the existing community (really unfair on so many people) nor the surroundings at all.

Many thanks
