Details of the pre-application advice received

Thank you for providing details of your proposal. My understanding is that the school wants to create additional parking spaces to the front of the school from 48 parking spaces to 74 spaces. The annotations in the block plan was quite difficult to read in the cover letter but what I can gather, the existing landscape to the front will be removed and 31 parking spaces will be created. I am a little confused by the parking arrangement as it appears cars will be blocked in therefore, clarity is needed on this and also as there is a one way system, signage and posts needs to be shown on the plan.

While I have no concerns with the increase parking spaces in principle, I would strongly advise submitting a transport statement should you look to submit a formal full planning application; County Highways may request this due to the number of parking spaces created. I would also look at submitting a landscape plan as I would encourage planting along the frontage to soften the hardstanding when viewed from the road as there is an established public street-scene that should to be retained. The policies that I would also consider are Policies SS8, T1, DC1 and C1.

Please note however, this is an officer's opinion only and is not intended to be a formal decision on the matters raised. Decisions on matters of Development Control can only be reached formally following consideration of a valid statutory application. Whilst the information has been given in good faith it is not binding on the Council and Officer or Elected Member should any formal decision differ from the advice given.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
