Application Reference No. : SMD/2023/0568 Site Address: Cellarhead Electricity Substation Rownall Road Wetley
Rocks Staffordshire ST9 OBS Comments by: Antony Reilly

From:

Longshutts
Thorney Edge Road
Bagnall
Stoke-on-Trent
Staffordshire
ST9 9LA

Submission: Objection

Comments: I strongly object to this application.

It is one of many applications that are being looked at in isolation but the cumulative affect of the applications is catastrophic for this small green belt area.

The sub station though intrusive is bearable, the noise is only intermittent and the light pollution only occasional. This extension which we believe to be due to the proposed solar farm and BESS sites will ensure that the substation is no longer bearable by the local residents. The noise and light pollution will inevitably be continual.

We ask that this application is refused and that the area remains true to the green belt
