Hello Hannah,

I hope you are well.

Thank you for your email.

I think given the existing use class on the building and the impact on the highway (increased trips, long stay (staff parking)/short stay (visitors/customers etc)/increased levels of parking) if it were to commence operating under that use class weighed against the change of use to residential and the impact on the highway (reduced trips, long stay/short stay/reduced levels of parking), that the change of use could be considered as a betterment.

I hope my response if helpful to you.

Kind regards.

Tracey
