Submission: Objection

Comments: 1. Firstly I have major concerns over the fact that the field will be self managed what would happen if there was a incident with the dogs on site.

2. Who is to say that the person who is booking the field is going to be thoughtful in how many dogs are going to be there.

3. Why would you advertise to have puppies that are unable to go for a walk go in the same field as Adult dogs.

4. Why would you have dogs with poor recall or nervous dogs in a field next to a scout hut which is used For children on a weekly basis, not only that but next to a field with horses kept in and I do not think that the fencing is adequate to stop them from getting out.

5. I defiantly do not agree with the opening times in (Spring Summer Autumn 8am-8pm), what is been put in place regards to the noise pollution for the residents?

6. does this mean that the surrounding residence are not going to be able to sit in there garden because of the noise.

7. I think that there should be someone onsite to keep an eye on what's going on and to be able to assist if something were ever to go wrong. i.e. Dogs are unpredictable

8. Finally I cant see nothing in regards to preserving the wildlife which continue to habitat that field, Have they been considered?
