Submission: Support

Comments: We have a plot in the polytunnel to grow fruit and veg.

We spend most weekends down there with our children and feel it's a great addition to the community.

Adding the access show would make it much easier to access the site on busy days.

Currently park can be abit tricky with people coming and going at different times and one drive for parking.

The new access would also make it more accessible to less mobile members of the community.

A great project that's should be supported and developed.
