Further to these comments, I attach a publicly available dated aerial photograph. This clearly shows the extent of unauthorised development of the Greenbelt, only within the last 3 YEARS.

Thankyou

Aerial Photo - 01/01/2021 to 31/12/2021 **£29.98**

Here's your aerial photo in low resolution but you'll get a fully detailed high-resolution image after ordering.

I attached photograph to support objection just sent via Planning comment:

These are publicly available images, left is current on Google, right is currently available on Ordnance Survey. While undated the comparison indicates substantial site expansion. While the Moorlands website indicates a withdrawn Change of use request, there seems to be a lack of indication or request for this change of use. That is until the withdrawn request from 2023. Why withdraw if you are doing it? The Website does not indicate any agreement for this change of use.
