Submission: Objection

Comments: I strongly object to the 5 BESS sites and a huge Solar Farm in the Rownall area of Werrington.

This is a green belt area & the disruption to nature & wildlife will be irreparable, the noise & the toxins that this will generate we do not yet know what impact it will have on ourselves & future generations. The amount of heavy traffic it will cause through narrow lanes which is a school run plus the impact it will have on the house prices where people would not wish to live in an area where the risk of fire & explosions. This unacceptable proposal should be thrown out as there will be no benefits to the people of Werrington just major problems. NOT IN OUR BACKYARD !!!!
