Submission: Objection

Comments: I strongly object to the resubmitted plans. My elderly father lives in Caverswall and we regularly walk around the village looking at the wildlife. A dog enclosure will destroy the habitats of the wildlife and the noise will scare them away. The noise pollution will be very harmful to the local residents that enjoy sitting in their gardens due to the tranquil nature of this rural village. The village is a close knit community and the residents are the only other people that my father is able to interact with as he is 90 Years Old. I feel that it would not be safe for him to walk around the village if a dog enclosure was opened as it's target audience is poorly trained dogs with no recall. The extra traffic would also be an added danger to him walking around the village. I have visited the site and it is not secure at all, as it wasn't during the first submission. I fail to understand why it has been resubmitted with no changes made to the field.
