Submission: Objection

Comments: I strongly object to this planning application as I did with the previous submission. I spend a vast amount time in Caverswall as my son and grandchildren live there. My youngest grandchild attends one of the two primary schools situated within the village. She also enjoys riding her bike and walking her dog around the village. It would not be safe for her to do this if permission for a self service dog enclosure was granted. I fail to understand how it is possible to run a safe business with no one present to ensure that the visitors use the ground appropriately, to safeguard the welfare of the dogs and to ensure that no dogs escape and run free around the village. My older granddaughters catch the school bus to Painsley Catholic Collage at the bus stop situated right outside the gate of this land. This is a huge concern for a number of reasons. Firstly dangerous dogs being present, extra traffic that already park all over the grass verges and unknown strangers coming from outside of the area. In the winter it is barely light when they go to school and is very dark when then return. This is a massive safeguarding risk. There are some 11 year old children who are catching the school bus for the first time.
