Submission: Objection
Comments: I again object to the planning application on the reasons stated below

Nothing has changed with the application

The idea that putting a bee hive in the bottom of the field will gain approval or hedgehog houses won't change the fact that horses in the neighbouring fields will still be terrified of barking dogs especially when hedges grow it can be worse when they can't see where the noise is coming from

The parking of the vehicles will still erode the landscape area

The winter exercising hours of the dogs will be dark after 4 pm and all this noise will frighten the poor hedgehogs and probably have the bees chasing them in the summer!!

How can one objection stop a planning application going through but numerous objections are questioned as futile and to be dismissed

There finally will definately accidents in the vicinity because of the parking, the verges have already been destroyed
