YOUR COMMENTS ON THE CASE

I strongly object to this appeal. My reasons for objecting are as follows:

This application as well as several other applications for battery storage sites are currently in progress with SMDC and all sit on green belt land within close proximity to this proposed development.

The main concern I have as a local land owner and member of the community is development of green belt for purposes such as this, should never be allowed.

Unrecoverable damage to land and animal habitats is just the start if applications such as this gain approval.

I see no mention of the Staffordshire moorlands local plan offering any suitable brown field sites that should always be pursued before green belt sites.

SMDC have recently acknowledged that there is as need to enhance and conserve the quality of the countryside, which I hope means this approval can be refused.
