What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground

☒ Interested Party/Person Correspondence

☐ Other

YOUR COMMENTS ON THE CASE

Myself and my husband are neighbouring land owners and would therefore like to strongly object to the proposed battery storage application.

This should not be passed as this along with other proposed planning applications for solar and battery storage will completely ruin the area. It is obvious that these applications have been put in purely for financial reasons and nothing whatsoever to do with providing energy.

We live in a beautiful, green belt area so let's keep it that way. As you know battery storage is completely dangerous so how can these be passed when members of the public are in close proximity.

There are plenty of brownfield areas around the city which would be of better use rather than beautiful green fields. Aren't the council working towards protecting the land for our wildlife which is slowly diminishing, if so refuse this application.

Please, think carefully before agreeing to this.
