Submission: Objection

Comments: We feel that this application will not be good for the village, it will bring more traffic to the village which is already used as a rat run for people from other arrears of the city. Parking will also be a problem, not to mention the wild life that it will disturb. What will happen to all the dog mess will this be cleaned up and where will it be left? The field backs on to residential homes that can not be good for them. We feel that after being residents of Caverswall for 39 (and dog owners ourselves) it is not needed there are plenary of places to walk dogs.
